DAILY NEVADA STATE JOURNAL

WASHOE COUNTY OFFICIAL PRESS

C. C. POWNING .EDITOR AND PROPRIETOR

WEDNESDAY.....APRIL 19, 1876.

For President of the United States:

B. H. BRISTOW,

SUBJECT TO THE DECISION OF THE

REPUBLICAN NATIONAL CONVENTION

It is thought that the failure of the Utah Northern Railroad Company to accept and comply with the provisions of the act of the Legislature for a North and South Railroad line, will be the means of defeating the $3,000,000 proposition in favor of the Northern Pacific.

He who is in favor of allowing sectarian influences to control our public school system is an enemy to mankind, and the perpetuation of Republican principles and institutions. Our schools are the brightest gems yet produced by this nation, and the man does not live who shall dim their lustre.

One hundred thousand dollars for three months' work is what Senator Thurman demanded and received from the Atlantic & Great Western railway. The question is whether it was his services as attorney or his political influence as a Senator of the United States that commanded so high a price. We notice that this subject is not elaboratory discussed by Democratic papers.

Sacramento seems to have solved the Chinese conundrum, and if her advice was generally followed the immigration of these warts of civilization would be effectually stopped. The *Bee* says that many merchants and others have totally discharged their Chinese employes, and engaged white labor in their stead. The heathen cook of the City Prison has been given an indefinite leave of absence, his place being filled by a white man.

The popular belief has been that Kit Carson was buried in a cayote patch with nothing to mark his grave, but a writer in the Kansas City *Times* says he attended Gen Carson while he was sick, just before he died, and was at his funeral. He was buried at Boggsville, Colorado, in August, 1868, with military honors, and in November following, his body, with his wife's, who died about a month before he did, were taken up and taken to Taos, in New Mexico, where they were buried by the Masons, he being a member of that order.

Happy Washoe! That fortunate county is blessed with a surplus over all indebtedness of $44,589 10. Wonder whether she could not be induced to lend a few thousands to a less fortunate sister.—*Pioche Record*

Lincoln county would do well to follow the example set by Washoe By an economical, common sense administration, our officials have given Washoe the financial standing she now possesses. Bids against the county are thoroughly investigated and only a just allowance made. The result is our present financial condition. We fear if Lincoln continued her system of managing money matters, she would bankrupt the State. If the State Treasury was at her disposal Turn over a new leaf—creep before you walk—and Lincoln will soon be all right.

The people of Truckee and along the upper part of the river, complain that the fish ladders below there will not allow the trout to pass up, consequently they have to do without those desirable fish. The Reno folks and those living along the lower portion of the river say the fish ladders are all right, but that the great quantities of saw dust and bark coming from the mills at and above Truckee, is what stops the trout from going up stream What with the saw dust, fish-ladders, fishermen, traps, nets, and grab-hooks the trout seem to have a hard time of it.—*G. H. News.*

If the writer of the above could only feast a time or two on those trout, we think he would be very indifferent as to the "hard times" the trout might have. Brother Quill, speckled trout are apt to make one's stomach indifferent to anything so long as there is plenty of them.

NEWS NOTES.

Ten widowers in the U. S. Senate.

Pioche is said to have a "601" organization.

A Vigilance Committee flourishes at Custer City.

The Indians about Austin are affected with the epizootic.

Sheriff Emery of Lincoln county died of pneumonia Monday.

Vice President Wilson's funeral cost Massachusetts $5,322 23.

The material used in the printing of the Pioche *Record* is for sale.

Strawberries have made their appearance in Virginia City markets.

The Bank of California did a business amounting to $140,000,000 during March.

H. R. Whitehill has gone to Philadelphia to attend to Nevada's Centennial affairs.

Wilke's Spirit prints a list of 200 horses that trotted in 2:30 or better during the season of 1873.

The nation al debt isn't so big by $3,272,733 as it was a month ago, and is $13,728,419 less than on the 1st of July last.

During the three months ending March 31st, there were 2800 failures of business houses—by far the largest known for a long time.

The tunnel, as projected under the English Channel, will be sixteen miles long and two hundred and fifty feet below the bed of the sea.

The latest development reported in the Black Hills mines is a Vigilance Committee at Custer City. This will be somewhat ominious and discouraging news to the numerous hard cases who are flocking thither.

"Pah-sappa" is the Sioux name fot the Black Hills. Whether this means the Great Father is happy, or that they want the white man to pass the apples is not translucent.

CAN'T DO IT.—Some people are too prone to run to a newspaper with private grievances and fancied wrongs. We had one such case yesterday. It is not the province of a newspaper to take stock in private quarrels, and we may as well say once for all that such matters will not be entertained in the JOURNAL. If you have been wronged or abused there are courts of justice where you can get reparation, and that too without rushing into print. It is much better to settle all such affairs amicably if possible, but if it becomes a newspaper matter, it is impossible to effect a compromise. We can't take stock in any such matters.

NOTICE.—H. H. Beck gives notice that he has appointed Maurice May, of Franktown, his authorized agent, with power to collect all notes and accounts due him.

CONSOLIDATED POE.—Very encouraging indeed is the news from the Paymaster. They are meeting with splendid success and have not lost six hours since starting. Amalgam is rolling out at the rate of over 300 pounds a day, besides what remains in the pans and settlers, which is a very large quantity. They ran out one of the settlers Monday and found the amalgam in solid balls, which varied in size from an egg to five times as large, sticking all around the edge of the bottom. The furnace has lost no time, but on Saturday last gave a chloridizing test of 89 1-10 per cent. It works like a charm. It could take the ore from five more stamps and do better roasting, for the more there is in it the better it works. They are putting through about twelve tons every twenty-four hours, the assay value ranging from 76 to 86—none below since the third day of starting. They expect to send down a bar of bullion every two days if the rock continues the same. The hoisting works have not started yet, but they expect to start the pump to-day. Wood is not coming in much faster than it is being used. Two tons of ore makes a "charge" for one of the pans. Everything is running up to its fullest capacity, so that the men find it lively work to keep things even. The prospects are becoming better each day, and the Consolidated Poe will prove a valuable bullion producer.

BROOKLYN.—We had the pleasure of meeting Mr. Bever, Superintendent of the Brooklyn mine. From him we learn these items concerning the Brooklyn: The shaft is down about seventy feet. About the end of next week he intends to start a drift. The bottom of the shaft is in a good, well defined ledge, which will average $16 to the ton, that is, taking good and poor together. The distance between the hanging and foot wall is five feet—three feet and a half of which is occupied by solid ore. He has fourteen men employed now, but intends to increase the force as soon as he can make room for more. The Brooklyn prospect he reports very encouraging indeed.

LIBRARY.—The Reno Library now has 199 members. When we take into consideration the fact that the Library has only been in existence six months, the immense success is very apparent. It would be more than self supporting if the members would pay their dues promptly. Some are inclined to be a little lax in this matter. If you owe a month's dues, go up like a man and pay it. True four bits isn't much, but fifty four-bit pieces amount to something. As the Scotch have it "many mickles make a muckle." Books can now be drawn from the Library, which will add to its value and influence.

THRILLING.—A morning or two since a little girl caught her foot in the frog of the switch near the ice house west of town, just as a train was coming toward her. The engineer evidently did not notice that she was fastened, as the train did not slow down. A gentleman saw the condition of things and hastened to her rescue. He pulled her foot from its dangerous situation so forcibly as to sprain her ankle. None too soon, for as she got out of the way the train swept by. "A miss is as good as a mile."

BADLY HURT.—Yesterday a brakeman, named Chancey, on the Central Pacific train known as No. 3, had the misfortune of getting his head badly hurt. The train was coming over a bridge at Camp 20, when he struck his head in such a way as almost to tear it off. A deep, ugly wound shows how near he came to instant death. He was taken back to Truckee for treatment, while the train kept on, arriving here on time.

MACHINERY goes through town in large quantities daily. We notice several car-loads each day side tracked here. Most of it is for the Comstock, while we have seen some of it addressed to Montana parties. Mining must be very lively—or at least the erecting of new and extensive machinery must be.

NOTICE.—At a regular meeting of the Reno Library and Social Club held last Monday evening, a vote of thanks was unanimously tendered to Hon. Charles E. DeLong for valuable services rendered in delivering his lecture for the benefit of the Club.

Proceedings of the District Court.

The District Court was in session yesterday, Hon. S. H. Wright, presiding. The following business was enacted:

In the case of Buckley vs. Buckley jury returned a verdict for the return of 2370 sheep, 2500 lambs and 17,629 pounds of wool, valued at $16,185 25.

Case of State vs. McGuin continued until June 6th, 1876.

Case of Barnett & Bro. vs. Geo. B. Hill now on trial.

WAR TO THE KNIFE. — Grey & Isaacs' Centennial Dry Good Store on Virginia street has now begun a wholesale slaughter in right earnest. giving 16 yards best calicoes manufactured for $1. Celebrated Lonsdale muslin, 12½ cents per yard; celebrated Mt. Rock, 12½ cents per yard; Canton flannel, 12½ cents per yard; French corsets worth $2 for 50 cents, and all other goods in proportion. Call and be convinced. *

PROMPTED by curiosity—as well as to get an item—we figured up yesterday how many emigrant cars had passed through Reno since April 1st, and find that there were 180 all told, counting east and west bound trains. The tide seems to be tending eastward about as strongly as it is the other way.

AFTER a play a young man said to his friend, "I could play the lover better than that myself." She replied, "Then why in heaven's name don't you?" If the young man knew how reasonably Barnett & Bro. sell dry goods and clothing perhaps he would have "braced up."

CLEARING LAND.—Our farmers are clearing sagebrush land by the acre for the purpose of sowing alfalfa, and other grains. The land proves so productive of good grain and potatoes, that it pays well to reclaim it.

ANOTHER brick from the Con. Poe last evening. Really this thing is becoming an every day matter. Bullion by the hundreds of pounds is nice to take. We wish—but then who does not?

LATE.—Both the emigrant (No. 6) and the V. & T. afternoon trains were late yesterday. Heavy trains was the cause in each case of the detention. Large quantities of freight is moving now-a-days.

CORRECT.—The rate of taxation in Washoe county is 1.80 per cent. Blessed are the dwellers on the banks of the raging Truckee.—*Pioche Record.*

ONLY seventy-nine bars of bullion went through town night before last. All but a few of them were from the Consolidated Virginia.

TOM CAREY, of Wadsworth, dropped in to see us yesterday. He looks hale and hearty. He reports things about as usual in Wadsworth.

THAT new brick of Sunderlands's is progressing finely. It will not be long before it will be ready for occupancy.

EIGHT cars of emigrants "westward ho!" and three eastward yesterday. Balance in favor of the west five.

ANOTHER disagreeable day yesterday When will there be three pleasant days at a time?

THE CITY BY THE SEA.—The Los Angeles *Republican* in speaking of Santa Monica says:

The proprietors are about making an addition of one hundred rooms to the Santa Monica hotel, all of which will certainly be demanded during the Summer season. The new hotel will be built some time during the Centennial year, will cost from $150,000 to $200,000, and will be the finest hotel on the coast. Altogether we see a very prosperous future for the city by the sea.

THE NARROW-GAUGE ROAD.—Superintendent John Bartholomew, of the Lake Tahoe narrow-gauge road, Mr. A. J. Miner, Engineer, and their aids, have gone to the lake in order to make preparations for the Summer work. That looks like business, and doubtless the boys will have their hands full this season. The snow is twenty feet deep on the summit, but that's nothing to the men who own that wonderful road and those mighty saw mills.—*Carson Tribune, 17th.*

THE narrow-gauge is finished to Trinidad, Colorado, eighty-eight miles south of Denver.
